## Byrnes Is Nominated Allies Continue Secretary of State; Big Air Attacks Fast Approval Seen On Balikpapan

Appointment Climaxes 34-Year Career of 'Trouble Shooter'

No. 2,100-No. 36,948.

By J. A. FOX,

KANSAS CITY, Mo., June 30 .-James F. Byrnes, "trouble shooter" of the Roosevelt administration, tonight was named by President Truman to be Secretary of State, succeeding Edward R. Stettinius, jr.

A one-sentence announcement by Charles G. Ross, White House press secretary, told of the selection of the 66-year-old South Carolinian, which had been generally forecast since President Truman announced Wednesday that Mr. Stettinius' resignation had been accepted, and that the New Yorker would be the American representative to the United Nations organization to be set up under the security pact adopted at the San Francisco Conference. At a press conference at the

Muehlebach Hotel, Mr. Ross said: send to the Senate the nomination

Mr. Ross said he would not go beyond this announcement of the Hearings on July 9 appointment of the erstwhile confidante of the late President Roosevelt, who in the course of 34 years successively had been a member of

#### Truman's Promise To Nominate Byrnes Is Kept at Last

By the Associated Press. At long last, President Truman managed to nominate James F. Byrnes for public office yesterday.

Mr. Truman originally was scheduled to perform that function at the Democratic National Convention in Chicago last summer. As Senator from Missouri, he had agreed to place the name of Mr. Byrnes in nomination for the

vice presidency. When the boom developed for Mr. Truman himself, he had to withdraw as a sponsor of Mr. Byrnes, and before the evening was over, Mr. Truman had won the vice presidential nomination which was to carry him into the White House some nine months later.

#### Tokyo Reports of **Imminent Landing** Still Unconfirmed

MANILA, July 1 (Sunday) The Japanese defenders of Balikpapan have strung balloons with explosive-garnished cables over that flaming Southwest Borneo oil port but failed to prevent heavy bombing by more than 125 Allied planes, Gen. MacArthur's headquarters disclosed today. The Tokyo radio contended that

Allied minesweepers covered by naval gunfire cleared the Balikpapan approaches yesterday in preparation for "imminent" invasion, but Gen. MacArthur's communique still did not confirm such a development. More than 230 tons of bombs were fropped on the town's oil storage facilities and defenses and on nearby airfields in the 16th consecutive day of all-out aerial preparation. however, and returning flyers reported a steady decline in the antiaircraft defenses which until recently were so heavy "you could walk on

the flak," as one airman put it. Underground Tanks Exploded. they were useless in preventing the explosion of several underground Cooler Monday petroleum tanks and covering the whole area by smoke and fire from American and Australian bombs.
